

Home Financing Pre-Lending Package

The most important step in the home buying process is first obtaining a Mortgage Pre-Approval, and to understand the home buying, process and the time-line stages.

The following Pre-Approval package is provided by [Victor Bals Team of Huron Valley Financial](#). The team will assist in meeting all of your Mortgage and Financing objectives. If you are working with or already have a lender in mind, they too will require the same documentation in the following pages.

We are excited to begin the journey of finding you the perfect home for you and your family.

Pre-Approval

After asking a few questions and filling out a Loan Application together, we will then check your credit. Based on the information we have at this point, we will determine which Loan Program is best for you. You can now consider yourself Pre-Qualified.

Document Collection

We will review your documentation such as paystubs, W2's, tax returns, etc, before issuing a Mortgage Pre-Approval. Send all of your information quickly so we can issue your Mortgage Pre-Approval and get you house shopping!

Finding a New Home

After the Pre-Approval has been issued, it's time to go HOUSE HUNTING. We are happy to crunch some numbers on any house you are interested in and give you a good idea of the estimated payment amount and cash to close.

Accepted Offer

When we receive the fully executed Purchase Contract and we will start to work everything up and prepare the Loan Disclosure Package for you. We will also let you know if we are missing or need to update any of your documentation.

Loan Disclosures

Once the Loan Disclosures are issued, reviewed, and signed by you, we will then order the Appraisal.

Loan Process

While we are waiting for the Appraisal to come back, we will prepare your file for Underwriting. It is a good idea to start shopping around for Home Insurance quotes.

Initial Underwriting Approval

After Underwriting reviews your file, they generally ask for additional information. We will work with you to gather any additional information still needed

Clear to Close

After Underwriting has reviewed and cleared any additional information provided, they will issue the "Clear to Close.." We can then start the process of scheduling a date, time, and location of the closing. The closing is generally scheduled for one week later from the date the Clear to Close is received.

Preliminary Closing Disclosure

We will send you a Preliminary Loan Disclosure giving you a closer estimate of your cash to close. Law requires this document to be signed no less than 3 full business days before the closing date.

Closing Disclosure

We will let you know your final cash to close figures and if the Title Company requires your funds in the form of 'wire' or 'cashier's check'. We usually have the final figures a day or two before the closing date.

Closing

At this time, you will meet at the Title Company or Real Estate office to sign your Closing Documents. This is a good time to ask the Seller any questions you may have regarding the property.

First Payment

Your 1st payment and all future payments will be due on the 1st of each month. The 1st payment will follow the first 'full month' your mortgage has been in place.

After Closing

We are hopeful to be your 'Lender for Life' and will always be available to answer your questions in the months and years to come. We will be here for you when you are ready to make your next move or if you are considering refinancing your current loan.

Popular Financing Options

Conventional

As low as 3% down payment. Monthly mortgage insurance premium (PMI) is required if the down payment is less than 20%. PMI on Conventional Loans can be paid for upfront instead of monthly. Fixed, adjustable rate and Jumbo loan sizes are available.

USDA Rural Development

Allows 100% financing of appraised value with no monthly mortgage insurance (PMI). It also allows you to roll your closing costs and escrows into the mortgage. Income limits apply based on county and family size. Gift funds are allowed, 640 credit score is required, and can only finance primary residences.

FHA

Minimum down payment required is 3.5%. No income limits, gift funds are allowed, and up to 6% of the selling price can be negotiated for the use of seller concessions to pay Borrower closing costs, taxes, etc. FHA debt-to-income ratio guidelines can allow a Borrower to qualify for a higher mortgage amount.

VA

This program is for Veterans and their family. Similar to the FHA program except not requiring a down payment. Closing costs and prepaid items may be paid by the seller, and gift funds are allowed. A Benefit of VA financing is NO monthly PMI (Private Mortgage Insurance) is required.

Government Appraisal Checklist

FHA - VA - Rural Development

This checklist is designed to assist you *in identifying potential repairs associated with government financing*. Government financing is available for properties that meet minimum health and safety requirements.

If the property is deemed to not meet the minimum standards set by the department of Housing and Urban Development (HUD), financing may not be allowable for this property. You will not be refunded for your home inspection or your appraisal fees.

This checklist is a valuable tool in identifying potential concerns, and assist in the decision making process. Oftentimes, the seller of a property is unaware of issues that will stop the financing of the home.
